

## PROTECT YOUR BUSINESS.

Fraud is an unfortunate reality in telecom. It affects your bottom line, causes customer conflict and erodes subscriber confidence. USAD FraudPro is designed to **proactively protect** your business from losses caused by fraudulent international and premium rate traffic—allowing you to spend valuable human resources generating revenue for your business.

International Toll and Premium rate fraud can cause thousands of dollars in **uncollectible revenue** in a few short hours. Once discovered, the fraudsters will move on to the next hacked network, which could be yours. Recent high profile hacking events demonstrate the significant vulnerability of any network.

FraudPro is working for you to monitor and protect against this fraudulent activity. USAD **guarantees to stop the fraud**...or we pay it! It's that simple.

With FraudPro, you choose the level of protection suitable for your business—from total blocking of known problem countries to cutting off suspected fraudulent traffic at a pre-determined dollar threshold. You can even configure it to be international **country code specific** with varied cutoff thresholds for each country. You can stop or limit traffic to some while allowing unlimited access to others.

International and premium rate fraud cost businesses over **\$8 Billion** per year.

Less than **50%** staff a Fraud Department after business hours—when most fraud occurs.

Reported fraud cases have increased over **117%** in the last two years.

Less than **15%** of fraud recoveries are pursued through civil means.

## USA DIGITAL

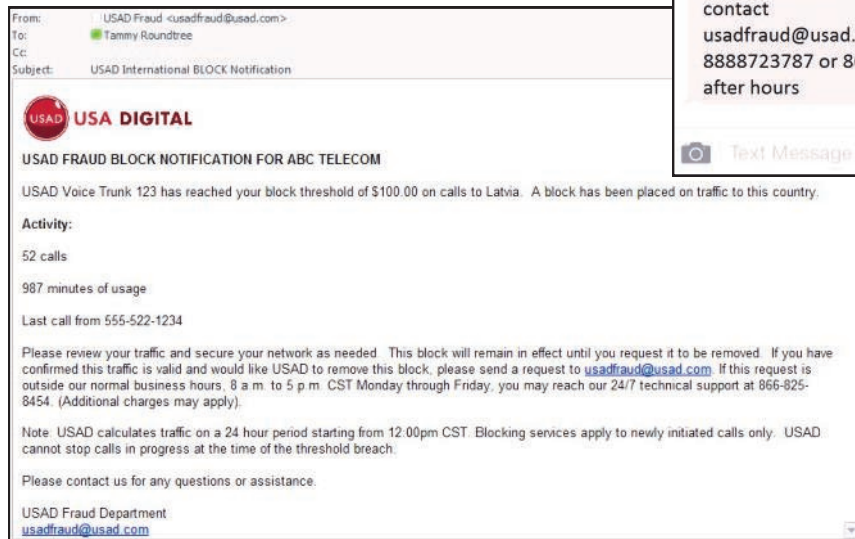

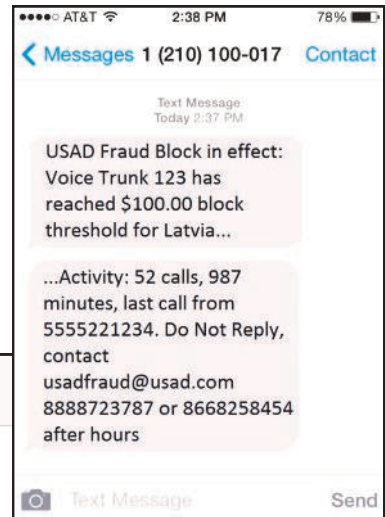

*Passionate About Performance*

# If we don't stop the fraud...we pay it!

Email and text messages keep you informed of the status of your traffic, in **real time**. Once your block threshold has been reached, you don't need to respond...FraudPro<sup>SM</sup> will do the work for you and block additional calling to that country.

It is just one way USAD is committed to protecting your **bottom line**.

Country	County Code	Block Entirely	Alert Threshold*	Block Threshold*
Guyana	592		\$200	\$250
Haiti	509		\$50	\$100
