

# Local inbound / DID

THE FUTURE IS CALLING.

Better, faster, secure local inbound service and call origination is within your grasp. Putting the **power of a local presence** in your corner makes business sense, at a cost savings you will appreciate.

As a partner product to voice termination and origination, USAD provides Local Inbound services to all 50 states, including Canada, and local origination from almost 7,000 rate centers. From new phone numbers to SIP and TDM protocols, we can provide the **scalability** and services that your business needs.

Bottom line: we'll **increase your customer satisfaction** by creating a local presence for your business. We'll also decrease your costs compared to alternative services, such as Toll Free.

The more you get, the more you save with our multi-service discounts.

“partner product to  
voice termination and  
origination”

“local inbound service  
to all 50 states,  
including Canada”

“local origination from  
almost 7,000 rate  
centers”

*“I always recommend USAD!  
Every telco we partner with  
has heard my speech; not only  
was it easy to turn up, the line  
quality was better ...”*
